4.75	\$260.00	
5.0	\$269.00	TINY TOTS (AGES 2-3): A perfect way to allow your toddler to burn off some energy and learn class structure at the same time. Our Tiny Tots not only learn basic dance vocabulary and steps but how to follow directions, respect the classroom and have fun building new friendships
5.25	\$278.00	CREATIVE MOVEMENT (AGES 3-4): Much like Tiny Tots, Creative Movement is designed to be a building tool for our dancers as they grow older and prepare to attend preschool. This class builds confidence though learning new dance techniques, encouraging group participation, learning to share and most of all, having fun in a structured environment.
5.50	\$287.00	COMBO CLASSES (AGES 4-7): Combo classes allow the younger dancer, with little to no dance experience, to explore multiple styles of dance in a one-hour class period. These one-hour classes have a stronger focus on dance technique, vocabulary and learning sequences of steps than our classes geared towards toddlers, but gives the student a chance to try different types of dance and find what genres they enjoy most. Some of the combination classes offered are Tap/Jazz/Ballet, Ballet/Jazz, Tap/Hip Hop and Ballet/Tap.
5.75	\$296.00	BEGINNING LEVELS (AGES 6+) 1-3 HOURS OF CLASS PER WEEK IN ONE OR MORE STYLE OF DANCE: Beginning levels are the foundation of every dancer's technique and intended for recreational dancers interested in exploring one or more styles of dance per week. A perfect progression for those who have graduated from our Combo Class program and want to continue their dancing with a more specific focus on individual disciplines, but also geared towards new students with little to no dance experience who have a passion for music and movement. Each beginning level class is designed to be taken for one to two years before advancing.
6.0	\$306.00	INTERMEDIATE LEVELS (PLACEMENT BY SKILL LEVEL, NOT AGE) 2-7 HOURS OF CLASS PER WEEK IN MULTIPLE STYLES OF DANCE: Intermediate levels are for dancers who have a strong technical base and want to enhance their training by increasing the number of hours they take per week in Ballet, Jazz, Hip Hop and/or Tap. Once a dancer reaches our Intermediate levels, they tend to have taken a serious interest in one or more style of dance and desire to be pushed with greater expectation on improving their technique, expanding their vocabulary and taking more risks as a performer. Each Intermediate level is designed to take for two to four years before advancing.
6.25	\$316.00	ADVANCED LEVELS (PLACEMENT BY SKILL LEVEL, NOT AGE) 3-9 HOURS OF CLASS PER WEEK IN MULTIPLE STYLES OF DANCE: Advanced levels are designed for our dancers wanting to refine their technique, pursue more performance opportunities and educate their minds and bodies through multiple disciplines and choreographers. Although we have many advanced graduates who go on to pursue a career in dance, either in college or the dance industry, our core goal is to give our students the tools to succeed in any venture they choose. The standard and expectation is raised past just technical ability and students are taught the importance of time management, clear communication skills, strong work ethic, team work and adaptability. Each advanced level is designed to take for a minimum of three years.
